At your service.

Created in Barcelona.

1953. The first SEAT rolls off our Barcelona production line and a whole country starts moving. More than 60 years later and we're moving people all over the world.

But Barcelona still inspires us. Its creative spirit runs through our veins. Feeds into every car we produce. (In fact, 50% of the energy we use to make our cars comes direct from Mediterranean sunshine). This is a city that never stops. And neither will we. Why? Because you have places to be.

Easy mobility.

The world is full of possibilities. SEAT makes it easy to take hold of them. Plot your own route. Set your own goals. Keep moving through your ever-changing life. It's what we do.

Because if it doesn't set you free, drive you forward, make things better, what's the point? If it's not easy, it's not mobility.

Your Mii.

Fearless forever.

Fun. Practical. Eye-catching. Tech-savvy. Maybe you can have it all? A car designed for the city, but built with the latest safety and driving technology to adapt to any road. The SEAT Mii. Do what you feel. Not what you're told.

Exterior design

Style. You can't have too much.

It feels great to look this good. A clever, compact design with 5 doors. Smart details, like oversized headlights, dynamic front grille and an impressive range of alloys. You can even mix and match your roof and body colours. Yours to show off.

Interior design

Go on. Treat yourself.

Life is made better by little luxuries. Like upholstery with coloured stitching. A dashboard that you can customise with cute details. Or a leather trimmed steering wheel that you'll never tire of holding. This is living.

Technology

Let the good times roll.

Music matters, especially when you're on the road. So make sure your sound system is up to the important job of keeping the party going. A BeatsAudio™ system equipped with 300 W amplifier, 6 high quality speakers and subwoofer in the boot delivers a premium party experience. And why not brighten up the mood at the touch of a button by letting in some sun through the panoramic sunroof?

Infotainment

Your world. On the move.

Hook up your smartphone to your dashboard and stay seamlessly connected to your Mii and the world outside. With Bluetooth® and the DriveMii App, your smartphone communicates directly with your Mii. That means you can get all the details of your drive and control your music and calls directly from your screen. Staying connected just got a lot easier.

*Only available for Spain, Germany, France, UK, Italy and Portugal.

Navigator.

With maps, traffic conditions and points of interest directly integrated into your DriveMii smartphone app you'll always know where you're going, even when you park your Mii.

Microscrolling.

Take control of your music, media and driving information, directly from the App's menu. Personalise your home screen and put your favourite applications just where you need them: at your fingertips.

Handwriting Search.

Typing just got old. Draw a letter on your screen and your App searches for your contacts. You'll be dialling up before you know it.

EcoTrainer.

Monitor and adjust the impact of your driving behaviour on the environment, giving you feedback that will help you to learn how to become a more efficient and responsible driver.

Live Services and SEAT Call App*.

Get real-time traffic information, including best route recommendations and online destination information. Use the SEAT CALL and access the SEAT Service Mobility and SEAT Customer Care for instant assistance with just one click.

Your way.

Made easy.

My Mii. Two small words that mean a lot. Love colour? Take your pick. Road tripping with friends? There's space for all. Got your own style? Easily find the trim to match. Because when you know what you want, you always end up in the right place.

FR-Line.

Step aside. You're in my way.

Some cars come with plenty of attitude as standard. The SEAT Mii FR-Line has a dynamic exterior and sporty details that add a powerful new dimension to the Mii collection. And some more spice to your drive.

High rollers.

16" Machined Atom Grey alloy wheels perfectly combine with the dynamic black and red exterior to create an eye-catching look on the road.

That's your colour.

Red details on the dashboard and red piping on the seats give a sporty feel.

At your service.

Freedom starts where worry ends.

Life's too short to spend it in a workshop.
The SEAT Service uses only SEAT Genuine
Parts to keep your Mii at its best. So you can
get out and go.

Life's for living.

With SEAT CARE, you benefit from a package of SEAT After Sales services at a fixed and competitive monthly rate. Value for money, with the service you expect. Starting from XX€/month, you can save up to 50% compared to standard costs. Fewer worries. For more fun.

We care. You don't have to.

The SEAT Warranty Extension lets you extend your 2-year manufacturer's warranty for 1, 2 or 3 years, or up to 100,000 km – whatever comes first. And if your car is new, the warranty comes included. Easy. Cost-effective. Worry-free.

Need anything? Just call.

Want a tow? More fuel? On-the-spot repair? SEAT Mobility Service is here for you. 24/7. Everywhere in the EU, plus most neighbouring countries. For up to 10 years. This is complete, reliable roadside assistance. And best of all? If your SEAT is new, you get 2 years free.

Relax. We've got this.

SEAT Insurance is tailor-made to your car. To keep you moving all year round. Our 24-hour customer service and official workshops using only SEAT Genuine Parts get you back on the road. Vandalism or theft? No problem. We're your ride.

Forget about it. It's covered.

Why worry? SEAT Service & Maintenance contracts cover most services in the SEAT Service Programme for the first 3, 4 or 5 years of ownership. Available in Basic or Premium, with options for financing. So you can focus on the more important things in life.
